**How we rank them**  
The members of our course-ratings panel continually evaluate courses and rate them based on 10 criteria. They also file a single, overall rating on each course. Those overall ratings on each course are averaged, then each course is ranked against other courses.

## BLUEJACK NATIONAL

Bluejack National opened to great acclaim in April 2016 and the standing of the private residential club has continued to grow in stature since that spring day. The Tiger Woods-designed golf course was named Golf Digest's best new golf course in 2017 and it remains on Golfweek's list of "Best Private Golf Courses in Texas" in 2021.

The championship layout is simply called The Course where every hole offers

multiple tee box options with one cut of velvety Zoysia grass and no rough.

**Ranked by Golfweek as the #1 residential course in Texas, #9 in the US.**

Members continue to enjoy Tiger's vision of a track that is playable, fun and challenging for all skill levels, yet continues to provide a wide range of shot-making options, particularly around the greens. Once done there, guests have an opportunity to spend time at The Playgrounds, a 10-hole par-3 course

lighted until midnight, or Little Jack, an 18-hole putting course

that covers 27,000 square feet.

As Golfweek's top-ranked residential course in the state, Bluejack National presents the opportunity to live in a private resort community with a laid-back culture. Much of that culture is found at The Fort, an area that has two swimming pools, a water park with a 150-foot water slide, a mini-Fenway Park, bowling alley, pickleball courts, and a lake for canoeing and fishing. Also featuring a tennis center, a BBQ Jerky Shack, a TaylorMade golf performance center, and with The Sanctuary, a spa and wellness center coming in 2022, Bluejack National's uniqueness checks all the boxes.

### LOCATION

Bluejack National is a world-class private residential club located in historic Montgomery County, Texas, near Houston. It's home to the first Tiger Woods-designed golf course in the United States, and is comprised of 767 acres of rolling hills and beautiful wooded countryside and offers award-winning amenities and unique activities to fit every lifestyle.
